## You wouldn't wear boxing gloves to milk a cow...

We're sure our hapless friend here looks as funny to you as he did to us. But he succeeds in making our point. There are two ways of doing things: the hard way and the easy way.

It's much the same when disability strikes a family. If you haven't a plan of protection for you and your family, then trying to maintain your life style can seem a lot like trying to milk that cow.

But as a member of the North Carolina Medical Society, you are in a unique position to take advantage of an important insurance plan: Disability Income Protection for younger doctors. A plan that can help you protect perhaps your most important, valuable, and most irreplaceable asset — your ability to earn a living.

If you're under the age of 55 and are active full time in your practice, act today — don't put yourself in the position of trying to milk a cow while wearing boxing gloves. Just contact the local Mutual of Omaha service representative in your area and he or she will make sure that you personally receive the full details of coverage. Of course, there's no obligation.

## *To build a motor car by hand is artistry. To own one is ecstasy.*

It takes at least four months to build a Rolls-Royce Silver Wraith II.

But it takes only a few miles to begin to sense the countless subtleties that make this motor car a timeless pleasure to drive and a priceless asset to own.

The fact is, the Rolls-Royce Silver Wraith II that you purchase in 1978 may very well be more valuable to own after many years have gone by.

And it is only fitting that it should be.

For more than half the Rolls-Royce motor cars ever built are still on the road, many of them appreciating in value as they cruise on and on.

And every detail of a new Silver Wraith II has been designed, engineered and crafted with the same destiny in mind.

We invite you to experience the pleasure of purchasing a new masterpiece at an Authorized Rolls-Royce Dealership.

When it comes to professional integrity, you will find that Rolls-Royce stands behind us. And when it comes to personal service, you will find that we stand behind Rolls-Royce.

The names "Rolls-Royce" and "Silver Wraith" and the mascot, badge and radiator grille are all Rolls-Royce trademarks.

# Committee and Commission Appointments

## 1978-1979

NOTE: The Committees listed herein have been authorized by President D. E. Ward, Jr., M.D. and/or as required under the *Constitution and Bylaws*.

Particular note should be taken of the authorization of the HOUSE OF DELEGATES of a Commission form of organization activity and that all Committees, excepting COMMITTEE ON NOMINATIONS and MEDIATION COMMITTEE are segregated under the respective Commission in which the function of the Committee logically rests. This will tend to eliminate overlapping and duplication in activity programs and result in coordination of the work of the Society in a manner to lessen the work of the delegates in the Annual Meeting of the HOUSE OF DELEGATES.

(Superior figures (e.g. 21) indicate the component County Society from which the member emanates, as in the Membership list of the ROSTER.)

# HOW MUCH OF YOUR TIME CAN YOU CALL YOUR OWN?

Modern medical practice has become a complex and time-consuming operation. Too often the physician sacrifices leisure time and family responsibilities to his professional duties.

If you're earning more but enjoying it less; if you've considered an alternative to the rigors of your practice, Air Force medicine may be the answer.

Our health care system is among the finest in the world. Our physicians serve in modern, well-equipped hospitals and clinics with competent and well-trained staffs. Air Force personnel handle paperwork and administrative tasks, allowing maximum time for patient care by each physician.

To attract quality physicians, the Air Force has assembled an excellent package of compensation and entitlements. These include 30 days of paid vacation each year, an opportunity to seek specialization at Air Force expense, and full medical and dental care without loss of pay during treatment.

We would like to provide more information about Air Force medicine. Contact

Captain "Ken" Wiblitzhouser or Master Sergeant "Jim" Dotson at 310 New Bern Ave., Room 606, P.O. Box 27566, Raleigh, NC. If you prefer, please call (919) 755-4130 collect.

# When was the last time your practice gave you a good night's sleep?

We're not talking about sleep that comes from sheer exhaustion.

We're talking about the kind of sleep that comes from knowing you practiced medicine today the way it was meant to be practiced. Of giving your patients the very best in medical care. With no compromises.

And a sleep that comes from knowing you won't be spending all of tomorrow morning filling out Medicare insurance forms, or attending to a myriad of other time-consuming, non-medical duties.

But there is a practice that offers an alternative to the kind of medicine you're now practicing. A practice in the U.S. Navy.

## The Navy physician.

As a Navy physician, we feel your time is too valuable to spend on administrative details. So they're kept to a minimum. Instead, a highly trained staff of professionals attends to the paperwork. The end result is that almost all your time can be spent practicing medicine.

## A challenging practice.

You'll be given a practice that's as varied and challenging as any you'll find in a civilian setting. You'll be treating active duty personnel as well as their dependents and retired personnel.

## Insurance.

A recent Act of Congress now makes it unnecessary for federally employed

physicians to carry high cost insurance. As a practicing Navy physician, you will receive professional liability protection under the Federal Tort Claims Act.

## Medical equipment.

You'll also be working with the finest, most up-to-date medical equipment in the world, at some of the most modern facilities in the world.

## Other benefits.

There are plenty of other great benefits that go with being a Navy physician. Good pay—\$30,000 to start, more, depending on your experience. A family life with time for your family. Associating with other highly

motivated physicians. Even 30 days' paid vacation a year.

But the best way to get all the facts is to mail the coupon, or call the Medical Recruiter, toll-free, at **800-841-8000**. (In Georgia, 800-342-5855. In these locations, call collect: Alaska, 272-9133. Puerto Rico, 724-4525.)

You owe it to yourself to get all the facts on a great way to practice medicine.

## Be the doctor you want to be. In the Navy.

# An uncommon place

From time to time individuals may experience extreme problems in living. When this happens it may be necessary to seek help from experienced members of the medical and helping professions. Mandala Center is an uncommon place dedicated to bringing to individuals an awareness of the source of their distress and help them find resolutions to their problems.

A fully-accredited 75-bed private psychiatric hospital and clinic, Mandala moved to its new quarters on a 16-acre suburban site in November, 1976. Founded in April, 1972, the Center serves individuals from the mildly distressed to the acutely disturbed.

Children, young people and adults may enter the treatment programs. Hospital and clinic programs are available for all categories of emotional and mental dysfunctioning

including alcohol and drug abuse. Interdisciplinary treatment teams plan and implement the programs which are individualized for each person. The services consist of individual, child, couples, group and family therapies, pastoral counseling, sexual and living skills education, vocational guidance and rehabilitation, psychological testing, chemotherapy, psychoelectrotherapy and other somatic therapy services.

Under medical supervision, the treatment teams consist of psychiatrists, psychologists, pastoral counselors, social workers, physicians' associates, psychiatric nurses, mental health workers, occupational and activities therapists.

General medical care and special medical problems are provided for by our consulting staff.

## Fifty Year Club

The House of Delegates of the North Carolina Medical Society in May of 1953, authorized the Executive Council of the Society to establish a special recognition for those physicians residing in the State of North Carolina who were members currently of the State Medical Society, who had established legal practice of medicine and who had actively practiced medicine during their life time for a period of fifty years.

Listed below in alphabetical order are the names and addresses of those physicians who resided in North Carolina and whom the North Carolina Medical Society has recognized as members of the FIFTY YEAR CLUB of the State Medical Society. This list will be added to from year to year and likewise subtracted from as losses to this club group are sustained and reckoned.

The listing for 1977 only may include Fifty Year Club members who have passed away since their recognition. The list for other years will include only those members surviving.

## YOUR SUPPORT IS NEEDED CONTRIBUTE TO WORTHY PROJECTS TAX DEDUCTIBLE

THE NORTH CAROLINA MEDICAL SOCIETY FOUNDATION, INC. was created in 1966 originally to receive funds for the construction of a new headquarters office in Raleigh. However, when other methods of financing a permanent building were devised, the role of the Foundation was changed. This change permitted the N. C. Medical Society Foundation to be approved as a charitable institution empowered to receive TAX EXEMPT contributions for the purposes of education and scientific advancement. The North Carolina Medical Society Foundation, Inc. has a 501(c) (3) letter from the Internal Revenue Service.

Among the contributions made to the Foundation since its inception have been:

- The Forsyth-Stokes Medical Auxiliary Benevolent and Educational Fund in 1971, and
- the assets of the Joseph Ward Hooper, Sr., Trust which were transferred to the Foundation in 1976.

While these examples of group contributions have been greatly appreciated, your individual support is badly needed. Today, after more than 12 years, the resources of the Foundation are still quite limited. As the financial resources grow, the opportunities to use these funds for worthy projects will increase and all of us will benefit by its success.

At this time the Foundation is prepared to:

- serve as a custodian of contributions designated by groups for special projects,
- receive direct contributions and donations of stock or general capital certificates of the Medical Liability Mutual Insurance Company, all TAX EXEMPT, and to
- accept from wills bequests which, properly defined, would not be taxable to the estate of the donor.

Please make your tax exempt contribution payable to: THE NORTH CAROLINA MEDICAL SOCIETY FOUNDATION, INC. and mail to:

# Think Inc.

To incorporate or not to incorporate? Maybe that's not the real question. After all, you've probably heard it's a nice opportunity. That is, you can take advantage of the liberal tax treatment available to corporations through qualified pension or profit-sharing plans.

So perhaps the more significant question is where to go for a routine. Perhaps you should go right to the top.

New England Life writes more individual pension plans than the two next companies combined. In fact, we were helping physicians, attorneys, and accountants to name three, solve complex financial problems long before the professional corporation came along. And our associates' experience in this field, together with their reputation among professional colleagues, is a matter of record.

Furthermore, the plans they can offer you and your professional adviser are pre-approved by the IRS and afford the kind of flexibility necessary to develop a program to meet your needs exactly.

For instance, you have freedom in determining plan contributions or benefit levels. You can wait until retirement to pick your form of payment. And working with one of our associates, you can choose from a variety of vehicles to supplement your plan's objectives.

To incorporate or not to incorporate... think about it. And then, if you do think of it,
